DIRECTOR'S CORNER

Greetings All —

Happy April! As we step into this new month, let's embrace the warmth of the sunshine, the blooming flowers, and the blue skies sure to come with the spring. There's an abundance of reasons to get out and we'd love for you to join us and be a part of it!

It certainly takes a village to make our center stand out – and we have been doing a great job of getting the word out so our “gardens” continue to grow. So that our outside presence matches all the great things we have going on inside we're currently cultivating and welcoming participants to our Gardening Committee. The RLSC Gardening Committee will help out with flower planting and bed planning as well as with tasks.

RLSC Participants, volunteers and community members are welcome to be a part. Green thumbs aren't required, just a desire to help our center look (and smell) beautiful.

Please see Carman with Garden Committee questions!

This month Red Land Senior Center celebrates its 50th year! It all officially began in April of 1974. Be sure to make time to pop by the first week in April to help us celebrate. Our Golden 50th Anniversary party will be held on April 4th from 2-5 PM (more information about this will be found inside this newsletter)

Every day is a day we're excited to have you join us at any of the activities, programs and events being held this month, and why not bring along a friend (or family member) aged 60 or better? After all, the more, the merrier!

Here's to the month ahead and to keeping things beautiful!

Be well, & until next time...

- Carman

The Gardener

by Mary Oliver

Have I lived enough? Have I loved enough?
Have I considered right action enough, have I come to any conclusions?
Have I experienced happiness with sufficient gratitude?
Have I endured loneliness with grace? I say this, or perhaps I'm just thinking
Actually, I probably think too much. Then I step out into the garden,
where the gardener, who is said to be a simple man, is tending his children, the roses.

EARTH DAY JOKES

How many of these can get you to laugh (or groan)?

🌍 Why don't ants get sick?
Because they have little ant-bodies.

🌍 Why did the cloud go to the doctor?

Because it was feeling under the weather.

🌍 What do clouds wear under their coats?

Thunderwear!

🌍 What did the recycling bin say to the trash can?

"You're garbage...but I love you anyway!"

🌍 Did you hear about the tornado that married a cloud?

The wedding was a whirlwind!

🌍 What do you call a snowman in the summer?
A puddle.

🌍 How do trees access the internet?

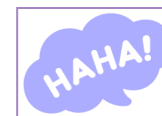

They log on, of course.

🌍 Why did the tree go to the dentist?

To get a root canal.

🌍 What do you call it when worms take over the world?

Global worming!

April 15, 1912: The Titanic Sinks
Dubbed an unsinkable ship, the
Titanic sank on this day in 1912.
The luxury passenger liner was en
route to New York City from
Southampton, Hampshire, Eng-
land. It only took the giant ship 2
hours and 40 minutes to sink, kill-
ing more than
1,500 people.
